

Oh Juhu Beach CD Cover

instructions

refer to photos for fabric and layout. dashed lines are fold lines—an iron may help make these crisp. you'll need about 2 1/2 feet of the 3/4 inch border piece (you could use bias tape). and you'll need to tuck this in (probably twice) at the corners. fold the border over the flat side of each pocket and sew in place, then lay the pocket pieces over the main piece and fold edging over that, sewing with a simple whip stitch close to the edge to leave enough space for the 3" CD.

3 1/2"

6 3/4"
